

Long range is not an obstacle.

ZEISS Conquest V6

ZEISS Conquest V6 3–18x50 & 5–30x50

The new longrange specialists from ZEISS

Conquest® V6 represents the perfect combination of precision and reliability down to the very last detail: Optimal image quality and target resolution, fine crosshairs in the 2nd image plane and a ballistic turret with ballistic stop and multiple revolutions. MoA based ballistic reticles and perfect ergonomics make the ZEISS Conquest V6 a reliable tool for serious precision shooting at long range. Uncompromising quality „Made in Germany“.
