

i.Com mobile

Streamline your workflow – capitalize your conversation flow

Mobile communication is key to the consultation process in a modern practice. ZEISS i.Com mobile is a versatile, easy-to-use application for iPad which transforms your workflow, information processes and communication with your patients. Intelligent data management enables you to concentrate more on patient needs during your measurements and consultation, allowing you to stay one step ahead in the consultation process of the 21st century.

[Highlights](#)
[Details](#)
[Contact](#)

Experience an entirely new dimension of flexibility and interaction with your patient. All your measurements taken with ZEISS Instruments can be reviewed on the iPad and are automatically stored on the ZEISS i.Com server, which provides central access to all data from different iPads. Remote control ZEISS i.Profiler plus, ZEISS i.Terminal 2 and the new Subjective Refraction Unit: ZEISS VISUPHOR 500 & ZEISS VISUSCREEN 500 conveniently via your iPad and WiFi.

The ZEISS i.Com mobile interface is particularly user-friendly; carrying out and controlling examinations are simple and clear.

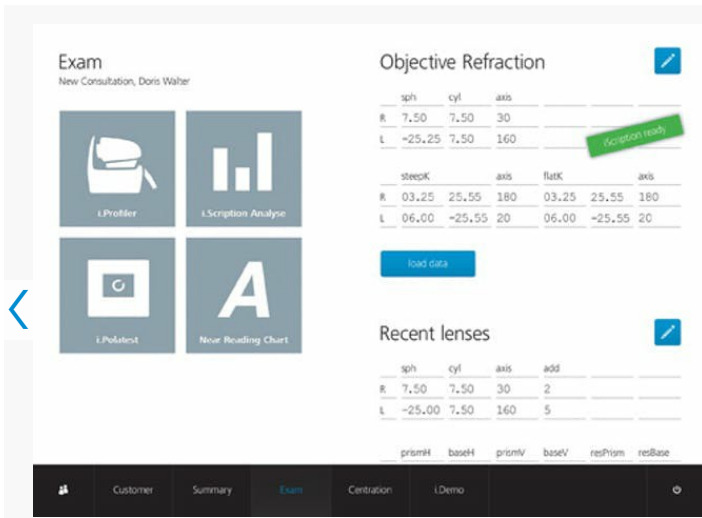

ZEISS i.Com mobile supports the entire consultation process – from the examination with objective and subjective refraction to lens consultation and centration. Educate your patients on the outcome of the measurements and demonstrate the benefits of ZEISS lenses and their properties.

Your advantages at a glance:

- Completely integrated package of data management, consultation

and demonstration functions and modules.

- Remote control of all ZEISS measuring devices via iPad.
- Central data storage on the ZEISS i.Com server for multi-user capability.
- Interface for data transfer from ZEISS i.Com mobile to PMS/EMR.

2 // Module "Exam"

Take, save and manage all examination data: Load and edit subjective and objective refraction data. Remote control the ZEISS i.Profiler plus, ZEISS VISUSCREEN 500 & ZEISS VISUPHOR 500 to gain all data by a click of a button. A near reading chart is provided; review of wavefront, PSF and ZEISS i.Scription analysis.

ZEISS is one of the world's leading manufacturers of spectacle lenses, and is committed to delivering maximum precision and comfort. ZEISS designs and produces lenses, instruments and measurement systems, as well as retail concepts and technology services that continue to raise the bar in vision care.
